MOHAMMED RIAZ UDDIN

MECHANICAL ENGINEER

Address: Raozan, Chattogram, Bangladesh.
Phone: 01627450194
Email: riaz172182@gmail.com
Linkedin ID: linkedin.com/in/riaz-uddin-98b6b7178/

PROFESSIONAL SUMMARY

Mechanical Engineering graduate from CUET currently serving as Trainee Assistant Engineer in the Mechanical Maintenance Department at KSRM Steel Plant. Experienced in breakdown reduction, preventive maintenance, shift management, and operation of industrial equipment including Induction Furnaces, LRF, APC systems, WTP, and EOT Cranes. Proficient in SolidWorks, ANSYS, AutoCAD, and CFD simulation with expertise in spare parts design, fabrication, and engineering system optimization. Skilled in leadership, communication, and problem-solving in high-pressure industrial environments.

WORKING EXPERIENCE

KSRM Steel Plant, Bara kumira, Sitakunda, Chattogram.

Trainee Assistant Engineer—Mechanical Maintenance Department

(December 10, 2025– Present)

- Reducing breakdown time through prompt diagnosis and corrective action to ensure minimum production disruption.
- Ensuring smooth plant operation by monitoring mechanical systems and coordinating with shift teams for continuous performance.
- Performing preventive maintenance on critical machinery to minimize unplanned downtime and extend equipment lifespan.
- Serving as Shift In-Charge, overseeing mechanical maintenance activities and managing the maintenance crew during assigned shifts.
- Operating and maintaining key equipment including Induction Furnace, Ladle Refining Furnace (LRF), Air Pollution Control (APC) systems, Water Treatment Plant (WTP), and EOT Cranes.
- Designing and fabricating spare parts to support plant operations and reduce dependency on external procurement

SOFTWARE SKILLS

- **Design & Simulation:** SolidWorks, AutoCAD, ANSYS, MATLAB, CFD Simulation.
- **Programming :** C Programming, Fortran.
- **Manufacturing :** CNC Coding, 3D Printing.
- **Productivity Tools:** Microsoft Office (Word, Excel, PowerPoint)

EDUCATION

- **Bachelor of Science in Mechanical Engineering** — **Year of Completion: June, 2025**
  Chittagong University Of Engineering And Technology — ***CGPA : 3.60 out of 4.00***
- **Higher Secondary Certificate (H.S.C)** — **Year of Completion : 2019**
  Chittagong Engineering University School & College — ***GPA : 4.75 out of 5.00***
- **Secondary School Certificate (S.S.C)** — **Year of Completion : 2017**
  Chittagong Engineering University School & College — ***GPA : 5.00 out of 5.00***

CERTIFICATIONS

- CNC Programming and 3D Printing Organized by CUET IICT under the ICT division of Bangladesh.
- Industrial Attachment at Baraka Shikalbaha Power Limited.
- Fundamental of Modern United Nation (DUMUNA).

TRAININGS AND INTERNSHIPS

- **Industrial Attachment at Baraka Shikalbaha Power Limited.**
  I acquired real-world exposure to power plant operations and maintenance, gaining an understanding of workflow, safety practices, and operational procedures in a thermal power plant. This experience also deepened my knowledge of energy generation, control systems, and industrial machinery.
- **Industrial Training at Abul Khair Steel (AKS).**
  I gained insight into large-scale steel manufacturing processes and the role of mechanical systems and automation in steel production. Additionally, I observed quality control procedures, materials handling, and mechanical equipment maintenance.
- **CNC Programming and 3D Printing Organized by CUET IICT under the ICT division of Bangladesh.**
  I gained hands-on experience with CNC machine operations and coding, along with foundational knowledge of additive manufacturing using 3D printing. These trainings helped me develop practical skills in digital fabrication and precision engineering.

LEADERSHIPS AND EXTRACURRICULARS

- **Assistant General Secretary, CUET Sports Club.**
  Coordinated university-level sports activities, managed event logistics, and promoted student participation. Demonstrated leadership, time management, and teamwork in organizing campus- wide athletic events.
- **Organizer, Mechanical Football League 2025.**
  Oversaw planning, scheduling, and execution of the inter-departmental football tournament within the Mechanical Engineering Department. Ensured smooth event flow through effective coordination and communication.
- **Founding Member, CEUSC-CUET Forum (CCF).**
  Contributed to the establishment of a student forum aimed at academic support, peer collaboration, and institutional representation. Played a key role in organizing seminars and knowledge-sharing sessions.
- **Delegate, Fundamental of Modern United Nations (DUMUNA)**
  Participated in simulation-based UN conferences, gaining exposure to international relations, policy debate, and diplomatic negotiation. Developed skills in public speaking, critical thinking, and global awareness.

AWARDS

- Champion in Inter Hall Football Tournament. 2024 & 2025
- Champion in Mechanical Football League. 2025
- Runners Up in Mechanical Football League. 2023
- Runners Up in Inter University Football Tournament. 2024
- Champion in Annual Sports Cricket Tournament at Collage). 2019
- Man Of The Match in Inter Hall Football Tournament. 2024 & 2025
- Annual Sports Athletics Competition at University (1st in 400m Relay, 1st in 1600m Relay). 2025

PROJECTS

- **Design and Optimization of Savonius Wind Turbine using CFD Simulation.**
  I designed and optimized a Savonius-type vertical axis wind turbine using CFD simulations, enhancing performance through blade refinement. This project strengthened my skills in ANSYS, engineering design, and sustainable energy concepts.
